About us

Scientex Conferences provide a global platform for exchanging ideas and keeps on updating about the latest innovations in different Subjects. Opportunity to attend the presentations delivered by eminent Scientists from all over the world. Global networking: In transferring and exchanging Ideas. A Unique Opportunity for Advertisers and Sponsors at this International event. We present you team of dedicated minds driven by the thought of gathering together the people of alike objected to an exclusive platform. Science brings forward the art of molding the experience and the experiments into a reality. These assembling realities, eventually, give birth to the various fields all together comprise a world get known as science, technology, and advancement. Scientific Meet Icon conference acts a dais where people from various parts of the world come together and discuss topics, ranging from physics to medicine, ever beneficial to an advancement of the human civilization. Alongside, the news and views get exchanged among the personnel across the globe. Scientific Meet Icon strives toward evolving a resource of information, unprecedented problems as well as their solutions such that it enhances the very core of the scientific community thus adding values to human society. Come. Join us! View the substantial minds talk their cut- through researches at the Scientific Meet Icon conferences. Well organized scientific program. [\(click here for more\)](#)

- Renowned speakers and scientists across the globe.
- Poster presentations and world class exhibits.
- Panel discussions and interactive sessions.
- B2B meetings.
- Perfect platform for Global Networking

Conference and Webinar Details

About Conference

Scientex Conferences feels very glad and privilege to invite you to participate in the **4th International Conference on Nutraceuticals and Food Science**, which will be held on November 11-12, 2024 in Bangkok, Thailand. The main theme of the conference is “Discovering Natural Treasures in Nutraceuticals and Food Science”. This global conference consists variety of sessions that cover both the scientific and academic topics of Nutraceuticals and food Science.

Food Science 2024 conference provides a special platform to build up research thoughts, knowledge and to create a network opportunity with a broad spectrum of Nutraceuticals specialist around the world.

Food Science 2024 aims to spread realization on proper Foods, Nutraceuticals, malnutrition and its impact on health issues, the consequence of energy balance in patients, and major nutrients like fibers, proteins, minerals and vitamins and more.

We strongly believe that Food Science 2024 will be a huge success and exceed our expectations extremely.

About Webinar

The **4th International Webinar on Nutraceuticals and Food Science** is Organized by Scientex conferences during November 18-19, 2024, focused on the theme “Discovering Natural Treasures in Nutraceuticals and Food Science”. Attendees had the opportunity to receive an e-certificate of attendance. Join this intimate forum to create meaningful partnerships with 50+ Food Science and Nutrition experts.

Our goal is to bring together worldwide distinguished academics in the field of Nutraceuticals and Food Science to exchange and share meaningful experiences of various research. We are looking forward to welcoming you all for what promises to be an impressive educational and industrial event.

CONFERENCE HIGHLIGHTS

- Lectures by the active Investigators
- Keynote forums by Renowned Speakers
- Speaker Forum
- Poster Sessions on latest Innovation in all the relevant Areas
- Panel discussions and interactive sessions.
- Open Innovation Challenges
- Poster Sessions on every career stage
- Post-Doctoral Career Development Session
- Young Research Forum
- B2B Meetings
- Global Networking with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities
- Excellent platform to showcase the latest developments in Nutrition and affiliates

TARGET AUDIENCE

- Nutraceuticals
- Food technologist
- Microbiologist
- Food Engineers
- Food science scientists, researchers, and students
- Genetic toxicologists
- Food science specialists in chemistry
- Food science specialists in microbiology
- Dieticians and Clinical Nutraceuticals
- Nutrition Associations and Societies
- Health care and Fitness Professionals
- Business Entrepreneurs
- Integrated Health promoters
- Academicians and Young Researchers
- Basic and Clinical Research Scientists
- Industry Professionals
- Food safety specialists in DNA molecular biology and genomics
- Specialists in foodborne diseases and cancer
- Modeling specialists in food safety and cancer risk assessment
- Food and dietary management specialists
- National and international food safety specialists
- Authorities involved in setting up food safety standards
- Representatives of food industries

Session Highlights

- **Food and Nutraceuticals**
- **Food Microbiology and Food Biochemistry**
- **Food Bio-Actives and Food Additives**
- **Functional foods and Nutraceuticals**
- **Nutritional Therapy and Treatments**
- **Diet for Obesity, Underweight and Gastrointestinal Diseases**
- **Food Quality Control and Quality Assurance**
- **Dairy Science & Technology**
- **Pediatric Nutrition**
- **Probiotics and Prebiotics food**
- **Nutrition and Fitness**
- **Healthcare and Nutrition**
- **Food Engineering**
- **Clinical Nutrition**
- **COVID-19 Food Security Challenges**
- **Current Trends in Food Technology**
- **Pharmaceuticals vs Nutraceuticals**
- **Veterinary Nutraceuticals**
- **Traditional Medicine**
- **Recent Trends in Nutraceuticals**
- **Agriculture and crop science technology**

About Venue

GRAND MERCURE
HOTELS AND RESORTS

GRAND MERCURE BANGKOK ATRIUM,
1880 New Phetchaburi Road, Bang Kapi,
Huai Khwang, 10310 Bangkok, Thailand

Conveniently located close to Suvarnabhumi Airport, Grand Mercure Bangkok Atrium is located in the heart of the city with easy access to the best of Bangkok, whether for business or pleasure. Strategically located in Bangkok's commercial and retail area, New Phetchaburi Road, the Grand Mercure Bangkok Atrium makes an ideal base for both the business and leisure guests. It is just minutes away from a choice of superb shopping centre, the Thailand Cultural Centre, Queen Sirikit National Convention Centre, Bangkok International Hospital, several embassies and the underground rail system. A dedicated Executive Floor and Avani Executive Lounge, superbly delicious dining options and elegantly appointed accommodation, whether in town for work or play, hotel attentive service and first-rate facilities will ensure that you make the most of your Bangkok experience.

About Venue:

Bangkok, Thailand's capital and city that never sleeps, is a trendy mash-up of diverse cultures and religions. Temples and monasteries coexist peacefully here close to towering skyscrapers. Street bazaars and floating markets compete with luxury shopping malls and purchase centers. Thailand is the 12th largest country in Asia, with a total size of over 198,000 square miles and a population of 67.9 million. The majority of foreign visitors to the country travel to Bangkok, one of the world's top tourist destinations. Thailand experiences both the summer and winter monsoons due to its location between substantial areas of land and water. The typical temperature in Thailand ranges from 18 to 38 degrees Celsius. In Thailand, cancer is the top cause of death, and mortality is rising. Therefore, it would be essential to adhere to and share any future study into the treatment of cancer field in order to recommend advancements. [\(click here for more\)](#)

TOP REASONS TO PARTICIPATE

- Develop Your Network
- Position Yourself as an Expert
- Meet Experts & Influencers Face to Face
- Gain Targeted Knowledge
- New Tips & Tactics
- Invest In Yourself
- Gain New Collaborations
- Present your Ideas and Work
- Be Inspired
- Travel, Explore and Have Fun!!

Past Event Report

About Past Event:

Scientex Conference successfully hosted its Third series on the “3rd International Conference on Nutraceuticals and Foodscience” at CITY SEASONS DUBAI HOTEL- 2 27th St - Port Saeed- Dubai - United Arab Emirates during November 16-17, 2023 and “3rd International Webinar on Nutraceuticals and Foodscience” on November 23-24, 2023 as per the time zone GMT+4. The conference was organized with a theme focused on “Discovering Natural Treasures in Nutraceuticals and Food Science” and it was a great success where eminent keynote speakers from various universities addressed the gathering. The generous response and active participation of the Organizing Committee Members played a major role in the success of Nutraceuticals and Food Science 2023. On another hand, we take the opportunity to thank all the speakers, delegates and participants for providing their valuable support and time for the conference.

Food Science 2023 Organizing Committee would like to thank all the participants for making the sessions such a worthwhile experience. Also, we would like to thank the Moderator of the conference, Eng./Dr. Maryam Mohammed Al Ghazali, Al Joudah Food Tech Lab, Oman who contributed a lot for the smooth functioning of this event.

Testimonials

Feedback

Analjyoti Basu
India

The Scientex Conference is globally renowned name in terms of organizing series of international conferences and bringing the world's eminent researchers, scholars, professors, professional, and practitioners in a single platform. They have proved it again by organizing 3rd International Conference on Food Science and Nutrition at Dubai, UAE on 16th & 17th November, 2023. It was like the gems of the world came in a single platform to disperse their knowledge. I was a great experience to be the part of the occasion...

Manikchandra Tiwari
India

With eminent speakers and a diversified team, the conference ran smoothly. Numerous fresh insights and experiences have been gained. I would like to thank you for being the conscientious person who kept me informed about every little detail pertaining to me and for giving me the opportunity.

Mohammad Quamrul Islam Matin
Bangladesh

Basically it was an exciting event attending the 3rd International Conference on Nutrition and Healthcare that was held in Dubai, UAE during 16-17 November, 2023. We could share our experiences with different professionals rather than attending the conference. Beyond the presentation we could also share our culture, tradition etc. Question and answering session was also very live, interactive as well. The event management was also smooth...

Jyotsna Puthran
India

I wanted to thank you for giving an opportunity to present my research work. It was very well organized and an incredible experience connecting with speakers from across globe and learning new insights.

Fernando Alejandro Ligot
Philippines

Seeing the composition of the presenters I then realized that the conference was intended to provide diverse perspectives on nutrition, which I feel was a very important objective. Thank you for considering our research project significant to the conference and its objectives. The announcements of the conference were appropriate. Sufficient time and flexibility was given to us to make the necessary decisions to participate and to make the necessary arrangements. The speakers were well chosen, I believe, they all seemed experts in their own fields in nutrition and food science...

Abdullah S Binsaeedu
KSA

I sincerely appreciate your kind words and would like to extend my gratitude for the opportunity to participate in your webinar. It was indeed a pleasure to contribute to the event. I have received the attached certificate. Thank you for the recognition. Regarding feedback, I must commend the exceptionally smooth and flawless organization of the webinar. The coordinator was incredibly supportive, and the talks presented were not only informative but also engaging...

Delano Chambers
USA

Truly appreciate the experience; I must say this session was much smoother than last, much improved.

MKADEM HIND
Morocco

It was a real pleasure to participate at your conference and share my experience with all scientific researchers from around the world. The conference photos are well received. Thank you for everything and I hope that this will not be the last cooperation.

Mary Mwale
Kenya

Thank you for the opportunity. I enjoyed and benefited greatly from the presentations made by the experts. I hope to attend physically and fully in the next conference. Thanks.

CHEBAIKI Imen Jalila
Algeria

I hope this message finds you well. It was my pleasure to participate in your conference, and I appreciate your kind words. I thoroughly enjoyed the event and found it to be a rewarding experience. Thank you for the opportunity to present my work, and I'm glad to hear that my contribution added to the success of the conference. I have accessed the conference photos through the provided Google Drive link, and I appreciate your efforts in capturing and sharing those moments. I commend your team for organizing such a well-executed event and for fostering a collaborative environment for researchers with similar interests. It's commendable to see your commitment to providing quality forums for the academic community. Thank you once again for this opportunity...

Past Conference Program

DAY 01-NOVEMBER 16, 2023

INTRODUCTION: 09:45-10:00

KEYNOTE PRESENTATIONS

10:00-10:30	Title: Antioxidants in date fruits and the extent of the variability of the total phenolic content: Review and analysis
	Abdulameer Ahmed Allaith , University of Bahrain (formerly), Bahrain
10:30-11:00	Title: THINK POTATO: A potato-centric view of health and wellness through art and culture
	Jeffrey Allen Price , Think Potato Institute, USA
11:00-11:15	Photo Session & Break

SPEAKER PRESENTATIONS

11:15-11:35	Title: Effect of field-applied fungicides on Claviceps purpurea sclerotia and associated toxins in wheat
	Shatha Hamad Alaoufi , Qassim University, KSA
11:35-11:55	Title: The differentiate between Omani sommer honey and Omani sider honey in quality
	Maryam Mohammed Hamed Al Ghazali , Al Joudah Food Tech Lab, Oman
11:55-12:15	Title: Content of antibiotic residues in imported and local broiler chickens by using liquid chromatography-mass spectrometry
	Sara Ali Ismail Alfazari , University of Nizwa, Oman
12:15-12:35	Title: Use of lactic probiotics in ruminant supplementation
	Miguel Angel Galina Hidalgo , FES Cuautitlan National Autonomus University of Mexico, Mexico
12:35-12:55	Title: High protein Indian snacks help reduce blood sugar levels
	Rita Patil , SNDT Women's University, India
12:55-13:35	Lunch Break
13:35 - 13:55	Title: The impact of mandatory food-marketing regulations on purchase and exposure: A narrative review
	Alanoud Saud Alfraidi , Prince Sultan Military Medical city, KSA
13:55 - 14:15	Title: Medical nutrition therapy in Chronic Kidney Disease (CKD)
	Sana Saleh Al Yafaey , The Royal Hospital, Oman
14:15 - 14:35	Title: Factors influencing rehabilitation and education in children who have cochlear implants: An integrative review
	Awatef Ali Bivarchi , Hamad Medical Corporation (HMC), Qatar
14:35 - 14:55	Title: Comparing the epidemiological situation of selected sexually transmitted infection in three Czech regions between 2006 and 2013
	Jan Carlos Sekera , University of West Bohemia, Czech Republic
14:55 - 15:15	Title: Dual effect of the branched-chain aminoacids and their relationships with insulin resistance
	Fernando Josue Perez Lagos , Dietitian-Nutritionist in Research and Clinical Care, Spain

15:15 - 15:35	Title: Identification and characterization of Arbuscular Mycorrhizal strains from the roots and rhizospheres of tomato, brinjal, chilli and onion
	Mohammad Quamrul Islam Matin , Bangladesh Agricultural Research Institute (BARI), Bangladesh
15:35 - 15:45	Break and Refreshments
15:45 - 16:05	Title: Consistency analysis between SUDOSCAN examinations and electromyography results in patients with diabetes
	Lei Zhou , Nanjing University of Chinese Medicine, China
16:05 - 16:25	Title: Antimicrobial activity of eugenol and carvacrol against Salmonella Enterica in falafel paste at different storage temperatures
	Murad A Al Holy , Hashemite University, Jordan
16:25 - 16:45	Title: Phytohormones: Use for the control of Nacobbus aberrans in tomato (Solanum Lycopersicum L)
	Susana Beatriz Martínez , National University of La Plata-UNNOBA, Argentina
16:45-17:05	Title: Assessment of the effect of handling, processing, and storage practices on the quality of bee products from Africa's most renewed bee village in Tanzania
	Col Jumanne Lucas Kachinde , Open University of Tanzania (OUT), Tanzania
17:05-17:25	Title: An econometric analysis of food security and related economic and institutional determinants in GCC economies 1980-2022: (VAR) approach and NARDL model
	Hassan Tawakol Ahmed Fadol , Sudan University of Technology and Science, Sudan
Day 01 Concludes	

DAY 02-NOVEMBER 17, 2023

KEYNOTE PRESENTATIONS

10:00-10:30	Title: The possible therapeutic role of probiotic on cyclophosphamide damaging effects in adult male albino rat jejunum
	Soha Abdel Kawy Abdel Wahab , Minia University, Egypt
10:30-11:00	Title: Wheat (Triticum aestivum L.) genetics and breeding in Uzbekistan: Problems and solutions
	Fakhriddin N Kushanov , Academy of Sciences of the Republic of Uzbekistan, Uzbekistan

11:00-11:15	Photo Session & Break
-------------	-----------------------

SPEAKER PRESENTATIONS

11:15-11:35	Title: Recovery of value added nutraceuticals from agri waste residue for its application in food fortification
	Amit Keshav , National Institute of Technology Raipur, India
11:35-11:55	Title: Livelihood generation avenues using earth-worm based manure: A study referencing India
	Analjyoti Basu , Karnavati University, India
11:55-12:15	Title: The importance of community-based surveillance in the classical surveillance system as one of the leading early reporting systems for micro-epidemics and epidemics
	Jan Carlos Sekera , University of West Bohemia, Czech Republic
12:15-12:35	Title: Quality evaluation of Sample Collection Facilities (SCFs) of Resource Limited Medical Laboratories (RLMLs) in various states of India: A comparison between accredited and non-accredited laboratories
	Manikchandra R Tiwari , Tata Memorial Hospital, ACTREC, India
12:35-12:55	Title: Prevalence and genotypic characterization of Salmonella spp. from chicken meats marketed in the province of Skikda, Algeria
	Djeffal Samia , Mentouri University Constantine 1, Algeria

12:55-13:35		Lunch
13:35 - 13:55	Title: A qualitative study on the feeding methods of filipino mothers of children with cleft lip and palate aged 0 to 24 months: A pilot study	
	Fernando Alejandro Ligot , University of the Philippines Manila; Patricia Erika C Bautista, Operation Smile Philippines, Philippines	
13:55 - 14:15	Title: Sports supplements: Use, knowledge, and risks for Algerian athletes	
	CHEBAIKI Imen Jalila , Djillali Liabes University, Algeria	
14:15 - 14:35	Title: Partial and total replacement of wheat flour by sweet potato flour in bread making	
	Aderonke Mosuro , Lead City University, Nigeria	
14:35 - 14:55	Title: Sensory analysis of ice creams with different dosages of tilapia SMC protein hydrolysates	
	Ana Maria da Silva , State University of Western Parana, Brazil	
14:55 - 15:15	Title: Association of dietary phosphorus intake with serum phosphate: An observational study in maintenance of hemodialysis patients	
	Jyotsna Jeevan Puthran , Holy Spirit Hospital, India	
15:15 - 15:35	Title: Valorization technologies of marine by-products	
	Mkadem Hind , Agronomic and Veterinary Institute Hassan II, Morocco	
15:35-15:55	Title: The multifaceted roles of ketogenic diets in neurology-brain cancers and other neurologic diseases	
	Abdullah Salah Abdullah Binsaeedu , Alfaisal University, KSA	
15:55-16:05		Break and Refreshment
SCFSN-P01	Title: The Effect of food allergen exclusion on the growth of Saudi children	
	Sahar Abdulaziz AISedairy; Manal Abdulaziz Binobead; Manar Abdulaziz Bin Obaid , King Saud Univeristy, KSA	
SCFSN-P02	Title: Antioxidant and Antitumor Properties of Wild Blueberry (Sideroxylon mascatense): Effects of Drying Methods	
	Shaima Al Hasani , Sultan Qaboos University, Oman	
SCFSN-P03	Title: Evaluation of the potential use of the enzymatic hydrolysate of Californian red worm on blood pressure reduction by in vitro, ex vivo and in vivo studies	
	Jose Edgar Zapata Montoya; Yhoan Sebastian Gaviria , University of Antioquia, Colombia	
SCFSN-P04	Title: Caloric debt in a cohort of intensive care unit patients	
	Sandra Milena Galeano Ortiz , Hospital San Vicente Fundacion Medellin, Colombia	
SCFSN-P05	Title: Inactivation kinetics of Lactiplantibacillus (Lpb.) plantarum MIUG BL21 using different individual and combined treatments on a kinetic basis	
	Nicoleta STANCIUC , Dunarea de Jos University, Romania	
SCFSN-P06	Title: Convective dried grape pomace with lactic acid bacteria as a potential nutraceutical	
	Gabriela RAPEANU , Dunarea de Jos University, Romania	
SCFSN-P07	Title: In silico investigations on the bioactive peptides released from egg proteins	
	Iuliana APRODU , Dunarea de Jos University, Romania	
Awards and Closing Ceremony Day 02 Concludes		

Past Webinar Program

Day 01 (November 23, 2023)

SPEAKER PRESENTATIONS

12:00-12:20	Title: Food safety and the effect of fertilizers on human health Mahapara Khan , Ziauddin University, Pakistan
12:20-12:40	Title: Resveratrol: A nutraceutical intervention for cardiovascular health Charu Gupta , Amity University, India
12:40-13:00	Title: Antimicrobial film of gelatin-pullulan for biocontrol <i>Salmonella</i> Asma Entezari , Ferdowsi University of Mashhad (FUM), Iran
13:00-13:20	Title: Isolation and characterization of soil microorganisms <i>Bacillus velezensis</i> and <i>Paenibacillus polymyxa</i> against the pathogenic fungus <i>Venturia inequalis</i> Dzansel Bukovec , Ss.Cyril and Methodius University, North Macedonia
13:20-13:40	Title: Neuroimaging changes associated with vitamin D deficiency – A narrative review Sadia Sultan , Fakeeh College for Medical Sciences, KSA
13:40-14:00	Title: Preference ranking of selected carbohydrate energy staples by very active manual workers in Nairobi, Kenya Mary Mwale , Ministry of Agriculture and Livestock Development, Kenya
14:00-14:20	Title: <i>Helianthus annuus L.</i> as a food breeding methods used to receive genetic diversity of confectionery sunflower Miroslava Hristova Cherbadzhi , University of Forestry, Bulgaria
14:20-14:40	Title: The ethics of cellular agriculture Luca Lo Sapio , University of Turin, Italy
14:40-15:00	Title: Microbial and nutritional properties of maize porridge fortified with <i>Moringa oleifera</i> leaves and termite powders Khavhatondwi Rinah Netshiheni , University of Venda, South Africa
15:00-15:20	Title: Analysis of the frequency of BRCA genes mutations in healthy carriers in the industrial region Olga Tselousova , Reaviz University, Russian Federation
15:20-15:40	Title: Study of food profile and nutritional status of school children in the peri-urban area of Casablanca, Morocco Makhlouki Houria , University of Hassan II Casablanca, Morocco
15:40-16:00	Title: Valorization of rice (<i>Oriza sativa L.</i>) husk: Isolation of antiglycative agents Adele Papetti , Pavia University, Italy
16:00-16:20	Title: Nutritional and physical properties of bread made from composite flours of wheat and sweet potato Aderonke Mosuro , Lead City University, Nigeria
16:20-16:50	Lunch Break
16:50-17:10	Title: Efficiency of health expenditures in primary care in the unified health system in Brazil Maria Ondina Paganelli , Secretariat of Public Health, Brazil

17:10-17:30	Title: Rye, oats and barley their healthy contributions
	Ethel Noemi Coscarello , Universidad de Morón, Argentina
17:30-17:50	Title: Malnutrition: An overview of bioethics
	Hector Nava , National Institute of Respiratory Diseases, Mexico
17:50-18:10	Title: Early diagnosis of endometriosis: Relevance to nutritional health
	Carmen Lyttle Nguessan , Florida A&M University, USA
18:10-18:30	Title: Determination of lead and cadmium in <i>Hibiscus Sabdariffa</i> (calyxes, seeds, and leaves), grown in Jamaica's mined bauxite rich soil
	Delano A Chambers , Scholars Academic and Scientific Society, Jamaica
18:30-18:50	Title: How can we presume a kid is having risk factors for cardiovascular disease?
	Fernando Aguirre Palacios , Kennedy Clinic Hospital, Ecuador
18:50-19:10	Title: <i>Spirulina subsalsa</i>. Z15 is a potential source of phycocyanin (C-PC) from a native strain of Mexico: Utilization as a source of functional food and natural colorant in gelatin for human consumption
	Felipe de Jesus Bonilla Ahumada , The Center for Research and Assistance in Technology and Design of the State of Jalisco CIATEJ, Mexico
19:10-19:30	Title: Biofortification with selenium increases bioactive compounds and antioxidant capacity in tomato fruits
	Jazmín Montserrat Gaucin Delgado , Gomez Palacio Polytechnic University, Mexico
19:30-19:50	Title: Investigating the multidimensional comorbidity of obsessive-compulsive disorder, body dysmorphic disorders, and eating disorders: Theoretical and practical approaches to treatment
	Eda Gorbis , Westwood Institute for Anxiety Disorders, USA

Day 01 Concludes

Day 02 (November 24, 2023)

SPEAKER PRESENTATIONS

10:00-10:20	Title: Detection and comparison of the parathyroid hormone level with periodontal status of pregnant women
	Aditi Chaturvedi , Private Practitioner, India
10:20-10:40	Title: Anti-cancer potential of synergistic phytochemical combinations is influenced by the genetic profile of prostate cancer cell lines
	Shadma Fatima , Ingham Institute of Applied Medical Research, Australia
10:40-11:00	Title: Determination of pre-harvest interval for lambda-cyhalothrin, deltamethrin, cypermethrin and fenvalerate in conventional vegetables of Bangladesh
	Md Sultan Ahmed , Bangladesh Agricultural Research Institute, Bangladesh
11:00-11:20	Title: Food security in conditions of water scarcity
	Buber Alina , All-Russian Research Center for Hydraulic Engineering and Land Reclamation, Russian Federation
11:20-11:40	Title: Comparative study of some endocrine and molecular parameters between two indigenous breeds of India and effect of selenium supplementation on egg production during early and mid laying period
	N Anand Laxmi , ICAR-Directorate of Poultry Research, India
11:40-12:00	Title: The effect of beet juice-based foods on the performance of athletes in cyclic sports
	Zhanna Grishina , Federal Research and Clinical Center of Sports Medicine and Rehabilitation, Russian Federation

12:00-12:20	Title: Covid-19 impact on agriculture and livelihood security
	Anjali Singh , Protection of Plant Variety and Farmers Right Authority, India
12:20-12:40	Title: Effects of grape leaves and grape seeds extracts on oxidative stability of corn oil during heating in comparison with naturally commonly used antioxidant
	Amira Mnari Bhour i, University of Monastir, Tunisia
12:40-13:00	Title: Significance of low carb diet and chromium supplementation in reversing type 2 diabetes
	Komal Fatima , Ginnastic Health Center, Pakistan
13:00-13:20	Title: Food in intermediate care unit- Our reality
	Luisa Maria Pires Cunha; Ana Paula Feliz Branco , Matosinhos Local Health Unit-Pedro Hispano Hospital, Portugal
13:20-14:00	Lunch Break
14:00-14:20	Title: Volatile flavor components of strawberry preserves
	Iryna Zamorska , Uman National University of Horticulture, Ukraine
14:20-14:40	Title: The Effects of post-harvest treatments on the quality characteristics of citrus fruits (oranges)
	Patrick Bentil Ogoe , Komenda College of Education, Ghana
14:40-15:00	Title: Is salt consumption In local foods a public health concern among Mauritian adults?
	Hanaa Amiirah Sohawon , Naturhouse Dietetic Centre, Mauritius
15:00-15:20	Title: Time course of <i>Bdellovibrio bacteriovorus</i> and <i>Escherichia coli</i> on milk
	Gabriele Angelico , Experimental Zooprophyllactic Institute of Umbria and Marche "Togo Rosati", Italy
15:20-15:40	Title: The multifaceted roles of ketogenic diets in neurology-brain cancers and other neurologic diseases
	Abdullah Salah Abdullah Binsaeedu , Alfaisal University, KSA
15:40-16:00	Title: The gums of Amazonian biodiversity and their potentials: The case of buriti tree gum (<i>Mauritia flexuosa</i>)
	Diego Aires da Silva , University of the State of Para (UEPA), Brazil
16:00-16:20	Title: Bioactive compounds, nutraceuticals and Advanced Glycation End-products (AGEs)
	Sonia Maria de Figueiredo , Universidade Federal de Ouro Preto, Brazil
