WELCOME TO SCIENTEX CONFERENCES

Achieving Greatness Through Our Greatest Events!

Scientex conferences hosts a plethora of conferences in various fields but not limited to Medicine, Pharma, Health Science, Life Science, Engineering and Technology. All our events are organized with utmost care and diligence in providing the greatest of facilities and infrastructure that one could possibly provide for the smooth and successful transmission of knowledge transfer that takes place between the attendees of our conference for mutual beneficiary purposes that would eventually push to attain the prosperity of solving the modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by providing excellent opportunities for professionals to explore the realms of the scientific research community to create and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, students and other such people to exchange their ideas and provide solutions for major global challenges in the vast arena of the scientific society as a whole.

Our conferences are highly successful with high quality interactive technical sessions with recent research findings of the latest and futuristic trends exposed as we focus on providing workshops and symposiums organized through well-established industrial and academic tie-ups with various professional bodies, organizations and top-rated universities around the world in the fields of science technology and medicine. We bring in eminent speakers with world class expertise from various countries of the world to enlighten our researchers to spark the enthusiasm of research through our best conferences which provide a platform for effective collaborations on latest research for the worldwide community. We manage a wide range of top rated conferences with exceptional keynote speeches, interactive sessions, lively debates on research and development in the fields of Medicine, Engineering and Technology exposing revolutionary concepts, ideas, practices and projects through realms of scholarly articles discussed by scholars at a global stage to provide clarity of modern age science. Our conferences exhibit innovative, cutting-edge research in tackling the challenges pertaining in the translation of research from academia level to industry.

Mission, Vision, Key to Success

We understand the need for quality forums for like-minded researchers with similar fields of interest to find solutions to their unsolved mysteries of science and international challenges faced by the scientific community to make this world a better place to live in. Our conferences aim to provide you with an opportunity to share scientific resources, exchange scientist research experiences, and innovate in studying for all the scholars of the world and be an innovative leader of the future. The opportunities we provide are focused on enhancing the professional growth of our conference participants that would attribute significantly to their research works.

**International Conference on Food Science and Nutrition
November 12-13, 2021 | Vienna, Austria**

Day 01 (November 12, 2021)

08:55–09:00	Introduction
Keynote Forum	
09:00–09:40	Title: Dietary patterns in relation to nutritional stunting among school children. A comparison study between Iran and India
	Sahar Hooshmand , My Health Realm, Netherlands
09:40–10:20	Title: Highly nutritious products from low-cost rice bran
	Rajiv Arora , Shaheed Bhagat Singh State University, India
10:20–10:40	Break and Refreshment
10:40–11:20	Title: Piper Sarmentosum: From traditional cuisine to bone protective agent against Glucocorticoid Induce Osteoporosis
	Elvy Suhana Mohd Ramli , Universiti Kebangsaan Malaysia, Malaysia
11:20:–12:00	Title: Raising awareness for an agrifood future in secondary schools
	Feike R van der Leij , Holland University of Applied Sciences, Netherlands
12:00–13:00	Lunch
Sessions: Functional Foods And Nutraceuticals Food Bio-Actives And Food Additives Enteral Nutrition Diet For Obesity, Underweight And Gastrointestinal Diseases	
13:00–13:30	Title: The effects of nutritional supplementation on caloric and protein intake in peritoneal dialysis patients
	Belkadi Adel , University of Mostaganem, Algeria
13:30–14:00	Title: How to improve early enteral nutrition support in ICU patients with COVID-19 disease?
	Sozan Al Qarni , King Faisal Specialist Hospital and Research Center, KSA
14:00–14:30	Title: Neuroprotective effect of Olive leaf terpenoids-rich fractions obtained by green extraction strategy
	Zully Jimena Suárez Montenegro , Institute of Food Science Research, Spain
14:30–15:00	Title: Orthorexia in university students
	Paola Aiello , La Sapienza University of Rome, Italy
15:00–15:20	Break and Refreshment

Poster Presentation	
15:20–15:45	Title: Physicochemical and biological properties of new functional cereal-based granules based on by-products from the food industry
	Glenise Bierhalz Voss , Portuguese Catholic University, Portugal
15:45–16:10	Title: The Effects of specific judo performance on weight training during caloric restriction and body weight maintenance
	Tari zouhir , University of Mostaganem, Algeria
16:10–16:35	Title: Assessment of the credibility of CSR measures – An experimental study on the importance of commitment and CSR-communication by means of a fictional food producing company
	Florian Sattlberger , Public Relations, Austria
Conclusion of Day 01	
B2B meetings & Panel discussions	

Day 02 (November 13, 2021)	
Keynote Forum	
09:00–09:40	Title: Milk fat globule size: Mechanism of regulation and physiological and health implications
	Nurit Argov-Argaman , The Hebrew University of Jerusalem, Israel
09:40–10:20	Title: Evaluation of growth and Cereulide production by Bacillus cereus isolated from cooked rice
	Damilola O Seyi-Amole , Lutheran Hospital Fort Wayne Indiana, USA
10:20–11:00	Title: Food security in Venezuela: From policies to facts
	Janet Jasmín Rodríguez García , Central University of Venezuela, Venezuela
11:00–11:20	Break and Refreshment
Sessions: Public Health Nutrition Food Engineering Food and Nutrition	
11:20–11:50	Title: Green valorization and evaluation of the neuroprotective potential of tamarillo (Cyphomandra betacea) by-product against Alzheimer´s disease
	Zully Jimena Suárez Montenegro , Institute of Food Science Research, Spain
11:50–12:20	Title: A novel nutrition intervention and sarcopenia
	Nasrin Nasimi , Shiraz University of Medical Sciences, Iran
12:20–13:20	Lunch

E-poster	
SCFSN-E01	Title: Development of lateral flow assays to control composition of meat products: Characterization of different biomarkers
	Elena A Zvereva , Russian Academy of Sciences, Russia.
SCFSN-E02	Title: Nutraceuticals to improve health in aging and COVID resilience by improving cardiometabolic, immunological, and inflammatory health
	Knut M Wittkowski , ASDERA LLC and Eberhard Karls University of Tübingen, USA
SCFSN-E03	Title: Poverty reduction and empowerment of vulnerable groups through training on village level food processing
	Alastair Hicks , FIAFoST, Australia
SCFSN-E04	The detection, purity and structural properties of partially soluble mushroom and cereal β-D-glucans: A Solid-State NMR study
	Alexandra Kremmyda , University of Nottingham, Great Britain
Group Photo	
B2B meetings & Panel discussions	
Award and Closing Ceremony
